MESSAGE FROM THE CHAIRMAN

Sh. S.R. Mehta
Chairman

Dear Shareholders,

Reflecting on FY 2022-23 it becomes evident that this period presented numerous obstacles for global economies, including our own. The Russian-Ukraine conflict and subsequent supply chain disruptions, coupled with surging commodity prices due to persistent inflationary pressures worldwide, posed a challenging environment. As the conflict escalated, food and energy prices increased, slowing the overall growth globally—with the biggest of the banks unable to arrest the inflationary pressures.

Even amidst these bottle necks, a silver lining emerged for India: the recovery from the prolonged COVID-19 pandemic. India's growth story held its ground, with strong domestic activities serving as a beacon of hope. Against all the odds, India's GDP grew at 7.2% in FY 2022-23 and is expected to grow at around 6.5% in FY 2023-24, as per the Reserve Bank of India (RBI)'s projections— courtesy of the government's push on infrastructure spending, healthy bank credit, a resurgence in corporate investments, and a significant improvement in rural demand. Another case in point is the whopping growth in the micro, small and medium enterprises (MSMEs) sector in the same period.

Health and healthcare in a post- Covid world are increasingly coming under the spotlight owing to the fragilities exposed by the pandemic. Moreover, unpredictable, and rapid climate change has further increased healthcare issues globally. As a result, the relevance and responsibility of the pharmaceutical sector have increased manifold.

Market Size

India, the pharmacy of the world, despite stubborn inflationary headwinds, precarious supply chain equations and volatile geopolitical conditions, continued to stay true to its commitment to supplying quality medication across the globe. We are proud to be one of the participants in this endeavor. As we advance, we will not just sustain but amplify our relevance in India's effort to cement its dominance in the global pharmaceutical space.

After the disruptions of the past three years, the outlook for global spending on medicines has become clearer as the uncertainties give way to more predictable challenges. Policymakers across developed and emerging economies are shifting from crisis to rebuilding modes with a focus on longer-term sustainability issues. The pharmaceutical industry has and will continue to have a significant impact on the global economy in terms of contribution to GDP.

The use of medicines globally plateaued in 2022 following a significant rebound in 2021 as markets recovered from the pandemic. As per the IQVIA report, "Global use of Medicines 2023", overall volume is expected to grow 1.6% CAGR through 2027 driven by Asia-Pacific, India, Latin America, Africa, the Middle East, and China. All these regions are expected to exceed global volume growth.

As per the IQVIA report, the global medicine market – using invoice price levels – is expected to grow at 3-6% CAGR

MESSAGE FROM THE CHAIRMAN

through 2027, reaching about USD 1.9 trillion in total market size. Spending and volume growth will follow diverging trends by region, with larger established markets growing more slowly, and growth markets in Eastern Europe, Asia, and Latin America growing in both volume and spending.

Government Initiatives

Pharmaceutical sector has emerged as a favorite destination for the foreign investors and is one of the top ten attractive sectors for foreign investment in India. The Government has put in place an investor-friendly Foreign Direct Investment (FDI) policy to promote investment in the Sector. 100% foreign investment is allowed under the automatic route in Medical Devices.

Government of India is in forefront for health care innovation and growth. Government in its Union Budget 2023 announced new programs and goals to continue leading from the front. India leads globally in vaccine production and is the largest producer of generic medications, accounting for 20 per cent of the total worldwide supply by volume. Outside of the United States, India has the most pharmaceutical factories that comply with US-FDA regulations. To build for the beyond, the government focus on inclusive sustainable growth for the sector. The Indian health-tech market is expected to grow at an annual rate of 39 per cent over FY20-FY23 and forecasted to reach US\$50 billion by 2033.

According to the EY FICCI Report, the Indian pharmaceutical market is anticipated to reach \$130 billion in value by the end of 2023 as a result of a rising consensus on the provision of new, innovative medicines to patients. In the meantime, it is predicted that the size of the worldwide market for pharmaceutical goods would surpass \$1 trillion in 2023.

MESSAGE FROM MD & CEO

Dr. Gopal Munjal
Managing Director & CEO

Dear Shareholders,

It gives me immense pleasure to present the Annual Report for FY 2022-23 to you.

Review of FY 2022-23

The global economy appears poised for gradual growth as the world recovers from the Covid-19 outbreak. Despite these signs of resilience, the broader macro economy continues to witness uncertainty and instability. The rising cost of living crisis, skyrocketing fossil fuel prices and supply chain disruptions prompted central banks to consider policy rate changes. India on the other hand continues to be among the fastest-growing economies despite these external exogenous shocks. Rapid vaccine coverage among a large population, a favorable business environment supported by government initiatives, the RBI's monetary policies and strong industrial output have all contributed to economic growth.

The Indian Pharmaceutical Industry is ranked third in the world. The generic drug market is expected to grow steadily over the next few years. To capitalize on India's rising prominence in the pharmaceutical sector, Ind Swift is consistently focusing on developing value-added and differentiated generics that will offer us a competitive advantage and enhance our business performance.

Financial Performance

Despite headwinds in the global economy, we continue to surpass our revenue. Our performance was driven by a combination of factors, including strong demand for our

The growth was driven by the momentum of our new launches, the robust performance of our best selling products.

Export

On the Export front, the Company continued to perform well, however, this year our export sales have slightly declined to Rs. 282.66 crores as compared to Rs. 293.19 crores in the previous financial year leading to a decrease of 3.59%.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

GLOBAL PHARMACEUTICAL INDUSTRY STRUCTURE AND DEVELOPMENTS:

The global economy is experiencing several turbulent challenges. Inflation higher than seen in several decades, tightening financial conditions in most regions, and Russia's invasion of Ukraine all weigh heavily on the outlook. Normalization of monetary and fiscal policies that delivered unprecedented support during the pandemic is cooling demand as policymakers aim to lower inflation back to target. The global economy's future health rests critically on the successful calibration of monetary policy, the course of the war in Ukraine and consumption increase in China.

Global growth is forecasted to slow from 6.0% in 2021 to 3.2% in 2022 and 2.7% in 2023. This is despite a surprisingly resilient labour market and consumer spending in most advanced economies, and upliftment from China's reopening. Global inflation is forecast to rise from 4.7% in 2021 to 8.8% in 2022 but to decline to 6.5% in 2023 and to 4.1% by 2024.

Strong and coordinated monetary and fiscal policy actions over the past years prevented a much worse outcome. But with rising geopolitical tensions and still-high inflation, a robust recovery remains elusive. This harms the prospects for the entire world, especially for the most vulnerable people and countries. Trends such as global warming, green energy, sustainability, and digital adoption will continue to affect countries and industries. Some will be positively impacted by these changes while others will find it challenging. Overall, while there are several short to medium term concerns, we believe there are several opportunities as well that can be exploited by companies for the longer term.

INDIAN ECONOMY:

Our overall outlook for the Indian economy remains positive. We expect investments to see a turnaround, and this will in turn thrust the economy into sustainable growth. India will likely grow at a moderate pace of 6.0%–6.5% in FY 2023–24, as the global economy continues to struggle. India's exports increased 14% to a record US\$770 billion in FY23, supported primarily by the services sector, while imports scaled to a new high of US\$892 billion amid a muted demand for goods owing to global headwinds. Undoubtedly, the Reserve Bank of India (RBI) has shouldered a major responsibility of cushioning the economy from rising prices and maintaining liquidity. Yet, navigating inflation and preserving financial stability, while boosting growth drivers, has been a tightrope walk for policymakers. Growth in the next year will likely pick up as investments kickstart the virtuous circle of job creation, income, productivity, demand, and exports supported by favorable demographics.

INDIAN PHARMACEUTICAL INDUSTRY

The Indian pharmaceutical industry has seen a massive expansion over the last few years and is expected to reach about 13% of the size of the global pharma market while enhancing its quality, affordability, and innovation. This impressive growth is an outcome of a series of sound legislation and economic environment, timely actions, and to a greater extent, the motive of welfare of the masses. Performing as per its tag as the 'pharmacy of the world', India has been a global generic medicine supplier for over 200 countries from both developed and emerging markets.

It is important to note that the boom for Indian pharma is not sporadic. It continues to experience sustained and robust growth in the post-pandemic period as well. The Indian pharma sector has turned from volume to value creator.

With a heightened sense of collaboration between the industry and the government, the industry's focus has shifted to other diseases, the advancement of cell therapies, and policies for IP and government procurements. Recently, the government of India extended support to pharma companies using the Production Linked Incentive (PLI) scheme to ensure self-reliance through enhanced domestic manufacturing capacity for high-value products. The PLI schemes are for bulk drugs and pharmaceutical manufacturing, together accounting for an outlay of around USD 2.7 billion. Another important aspect of the pharma landscape in India is the stress on the welfare of the masses using its legislative provisions.

According to an EY-FICCI report, the Indian pharmaceutical market is estimated to touch \$130 billion in value by the end of 2030.

RISKS AND CONCERN

The Indian pharmaceuticals market is the third largest in terms of volume. India is the biggest provider of generic medications internationally and enjoys a significant position in the world pharmaceuticals sector. The country also has a huge talent pool and scientists having the capability to steer this industry forward to a much greater degree. The cost efficiency also continues to create opportunities for Indian pharmaceutical companies in the emerging global economies. The Indian pharmaceutical industry is expected to outperform the global pharmaceutical industry and grow in the next couple of years and thereby emerge as one of the top 10 pharmaceutical market globally by absolute size.

Indian pharmaceutical companies are focusing on global generic and API business, R&D activities, contract research and manufacturing alliances. India is also fast emerging as a preferred pharmaceuticals manufacturing location. Increasing use of pharmaceutical generics in developed markets to

MANAGEMENT DISCUSSION & ANALYSIS REPORT

reduce healthcare cost will also provide attractive growth opportunities to Indian generic formulations manufacturers and thus Indian pharmaceutical industry is poised for an accelerated growth in the coming years.

However, poor public healthcare funding and infrastructure, low per capita consumption of medicines in developing and underdeveloped countries, currency fluctuations, regulatory issues, government mandated price controls, inflation, and resultant all round increase in input costs are few causes of concern for the industry.

Such transactions are appropriate only if they are in the best interest of the Company and the shareholders.

FINANCIAL PERFORMANCE AND ANALYSIS

During the year the company achieved a turnover of Rs 398.89 Crores against turnover of Rs 391.30 Crores in the previous financial year registering growth of 1.94%. The company achieved an export turnover of Rs. 282.66 Crores as compared to Rs. 293.19 Crores in the previous financial year. Although the exports have decreased marginally by 3.59% but domestic sales have shown growth of 18.47%. During the year the company earned EBIDTA of Rs 51.13 Crores as compared to EBIDTA of Rs 59.32 Crores in the previous year. EBIDTA has reduced in this year primarily due to increase in R&D expenditure and due to increase in employee benefit expenses. During the year the company increased its R&D activities mainly to focus on future growth with wider product range in the both export and domestic market. The company incurred a loss before exceptional item and tax of Rs 34.54 Crores during the year as compared to loss before exceptional item and tax of Rs 20.33 Crores in the previous year. The company earned profit after exceptional item and tax of Rs 26.04 Crores as compared to loss after exceptional item and tax of Rs 20.02 Crores in the previous year.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report 2022-23 but does not include the Standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the Standalone Ind AS Financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect

INDEPENDENT AUDITOR'S REPORT

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Ind AS financial statements, including the disclosures, and whether the Standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Ind AS financial statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

INDEPENDENT AUDITOR'S REPORT

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

"Annexure B" to the Independent Auditor's Report of even date on the Financial Statements of Ind-Swift Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the Members of
Ind-Swift Limited

We have audited the internal financial controls over financial reporting of Ind-Swift Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to these standalone Financial Statements.

Meaning of Internal Financial Controls Over Financial Reporting with reference to these standalone Financial Statements

A company's internal financial control over financial reporting with reference to these standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these standalone Financial Statements includes those policies and procedures that (1) pertain

INDEPENDENT AUDITOR'S REPORT

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting with reference to these Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone Financial Statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting with reference to these standalone Financial Statements and such internal financial controls over financial reporting with reference to these standalone Financial Statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

STANDALONE SIGNIFICANT ACCOUNTING POLICIES

A - SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Preparation of Financial Statements

These financial statements have been prepared to comply with the Indian Accounting Standards (Ind AS). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015 and Companies (Indian Accounting Standards) Amendment Rules 2016.

The Financial Statements are prepared on accrual basis under the historical cost convention. The financial statements are presented in Indian rupees rounded off to the nearest rupees in lacs.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2. Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

3. Property, Plant & Equipment

- (a) Freehold land is carried at cost. All others items of Property, Plant and equipment have been stated at cost less accumulated depreciation and impairment loss if any. Cost of acquisition or construction is inclusive of freight, non refundable taxes or Levies, fees and incidental expenses to bring the assets to its present condition and location and interest on loans attributable to the acquisition of assets up to the date of commissioning of assets. Cost of assets not ready for intended use before the year end, are shown as capital –work-in- progress.
- (b) The Company is following the useful life by applying straight line method of depreciation as per the useful life specified in part C of Schedule II of the Companies Act 2013.

On assets sold, discarded etc, during the year depreciation is provided up to the date of sale/discard.

4. Leases

The Company's lease asset classes consist primarily of land and buildings . The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether : (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset. At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases.

For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated

STANDALONE SIGNIFICANT ACCOUNTING POLICIES

from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases.

Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option. Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

5. Intangible Assets

- (a) Intangible assets are measured at cost and amortized over their useful life.
- (b) Expenditure on Research phase is recognised as an expense when it is incurred.
- (c) Expenditure on product development phase is recognised as an Intangible Asset, These assets are amortized over the useful period of life starting from the year when the asset first meets the following recognition criteria:

 - The intention to complete the intangible asset and use or sell it;
 - the ability to use or sell the intangible asset;
 - how the intangible asset will generate probable future economic benefits;
 - the availability of adequate technical , financial and other resources to complete the development and to use or sell the intangible asset; and
 - the ability to measure reliably the expenditure attributable to the intangible asset during its development.
- (d) Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset , are recognised in statement of profit and loss when the asset is derecognized.

INDEPENDENT AUDITOR'S REPORT

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS financial statements, including the disclosures, and whether the Consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated Ind AS financial statements of which we are the independent auditors. For the other entities included in the consolidated Ind AS financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated Ind AS financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Ind AS financial statements for the financial year ended March 31, 2023 and are therefore the key

audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

To the Members of
Ind-Swift Limited

In conjunction with our audit of the consolidated financial statements of Ind Swift Limited as of and for the year ended March 31, 2023, we have audited the internal financial controls over financial reporting of Ind Swift Limited (hereinafter referred to as the "Holding Company"), as of that date. Internal financial controls under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") is not applicable on the subsidiary companies which are part of the Group and are incorporated outside India. The IFC are applicable on the Indian subsidiaries, which is the responsibility of the management of subsidiary companies and are audited by their respective auditors. We do not form opinion on the same because of lack of audited financial statement of subsidiaries.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Holding Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting with reference to these consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Meaning of Internal Financial Controls Over Financial Reporting with reference to these Consolidated Financial Statements

A company's internal financial control over financial reporting with reference to these consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to these Consolidated Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company have, maintained in all material respects, adequate internal financial controls over financial reporting with reference to these consolidated financial statements and such internal financial controls over financial reporting with reference to these consolidated financial statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Consolidated Financial Statements comprise Consolidated Financial Statements of "Ind Swift Ltd" (The Holding Company or the Company") and its subsidiary "Ind Swift India Ltd Kenya" (Collectively referred to as the Group) for the year ended 31st March, 2023.

Ind Swift Ltd is a public limited Company domiciled in India and having registered office in Chandigarh. The Holding Company together with its Subsidiary are principally engaged in manufacturing and Trading of pharmaceutical and healthcare products.

During the year the Company's first wholly Subsidiary in Kenya "Ind Swift India Limited" was incorporated. However It has not commenced any operations yet.

B - CONSOLIDATED SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Preparation of Consolidated Financial Statements

These Consolidated financial statements have been prepared to comply with the Indian Accounting Standards (Ind AS). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015 and Companies (Indian Accounting Standards) Amendment Rules 2016.

The Consolidated Financial Statements are prepared on accrual basis under the historical cost convention. The financial statements are presented in Indian rupees rounded off to the nearest rupees in lacs.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2. Use of Estimates

The preparation of the Consolidated financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the Consolidated financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the Consolidated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the Consolidated financial statements.

3. Property, Plant & Equipment

(a) Freehold land is carried at cost. All others items of Property, Plant and equipment have been stated at cost less accumulated depreciation and impairment loss if any. Cost of acquisition or construction is inclusive of freight, non refundable taxes or Levies, fees and incidental expenses to bring the assets to its present condition and location and interest on loans attributable to the acquisition of assets up to the date of commissioning of assets. Cost of assets not ready for intended use before the year end, are shown as capital –work-in- progress.

(b) The Company is following the useful life by applying straight line method of depreciation as per the useful life specified in part C of Schedule II of the Companies Act 2013.

On assets sold, discarded etc, during the year depreciation is provided up to the date of sale/discard.

4. Leases

The Company's lease asset classes consist primarily of land and buildings . The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right

CONSOLIDATED SIGNIFICANT ACCOUNTING POLICIES

to control the use of an identified asset, the Company assesses whether : (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset. At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases.

For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases.

Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option. Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

5. Intangible Assets

- (a) Intangible assets are measured at cost and amortized over their useful life.
- (b) Expenditure on Research phase is recognised as an expense when it is incurred.

 - the ability to use or sell the intangible asset;
 - how the intangible asset will generate probable future economic benefits;
 - the availability of adequate technical , financial and other resources to complete the development and to use or sell the intangible asset; and
 - the ability to measure reliably the expenditure attributable to the intangible asset during its development.

Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in statement of profit and loss when the asset is derecognized.
